

Computergate signs with Evolve III Partners to deliver Global Warranty Services

1st March 2024 – **Computergate has been signed by Evolve III** to become a global provider of warranty services for their Megabook, Tablets & Monitors sold through the channel. The agreement between both organisations is key to the success to strengthen Evolve III's product portfolio by providing service centric warranty capabilities.

“Repair and maintenance services are one of Computergate’s distinct competitive advantages”, said Mario Greco, Computergate’s CEO. “Our unique ability to serve customers around the world with responsiveness, technical accuracy and professionalism is unmatched in the sector. The company is quality driven, we deliver industry-leading first-time fix rates, ensuring minimum interruption to our customers’ business, and we only use genuine repair parts. We will work closely with Evolve III to offer service programmes that will meet and exceed customers’ needs.”

“The alignment with partners who are like-minded and recognise that service is quality is essential if we are to achieve growth in our product lines,” said Ray Paola, Evolve III’s CEO. “I am excited that Computergate is able to offer extended reach and additional service capabilities to deliver to the needs of our clients.”

About Evolve III Business

Evolve III’s mission is to deliver the highest quality product at the most affordable price possible. We do this by developing evolutionary electronic devices for education and business users. For more information, please visit evolveiii.com.
